## **Practical information**

### **Application**

Pull a cloth from the bucket and tear it off at the perforation. On parts, tools, and smooth surfaces, the cloth easily removes dirt. For heavy soiling, repeat if necessary with a new cloth. Always check for material compatibility in an inconspicuous place before use. Not suitable for polycarbonate surfaces. Close the bucket tightly after use to prevent drying out.

### **Types of surfaces**

Tools, various surfaces, and hands.

### **Shelf life**

Approximately 24 months if properly sealed and in original packaging in a dry place, between +15°C and +25°C.
