

SURFACE CLEANER

PRODUCT- AND TECHNICAL INFORMATION

 ***TRACSOL***

SURFACE CLEANER

- Cleans deep into the pores
- Removes glue residue, oil, grease, dirt and silicones
- Evaporates fast (within 5 minutes)
- Part of 'Glued Insulated Rail Joints Repair System'

Description

Surface Cleaner is a degreaser that has been specially developed for cleaning the surfaces around all insulated rail joints. The product penetrates, due to its unique formulation, deep into the pores of the joint and the end post. Surface Cleaner evaporates fast, without leaving a residue behind.

Surface Cleaner is also a part of our various Repair Systems. For detailed work instructions see our website.

Product information

Article number	312004
Packing	Aerosol 500 ml
Packaging unit	Per Box (12 pieces)

SURFACE CLEANER

Technical Information

Base	Mixture of aliphatic hydrocarbons and alcohols
Density	645 kg/m ³
Consistency	Liquid
Application Temperature	+5°C to +35°C

Practical information

Application

Shake well before use. Use the Surface Cleaner excessively so all remaining contamination will be sprayed away under pressure. The Surface Cleaner cures within 5 minutes.

Cleaning hands

Power & Care Soap

Shelf life

Approximately 24 months if properly sealed and in original packaging in a dry place, between +5°C and +25°C. We recommend horizontal storing to ensure that workable substances in these products remain completely liquid.
